

Housing Ends

We offer a complete selection of housing ends for all applications. Please refer to the handy reference chart below to assist you in identifying housing flanges. They include our own Morrison CNC-machined billet steel ends (as pictured above).

Billet Housing Ends for 9"**\$100.00**

Caps and Plugs

Finish off your rear end housing or tank with these handy filler cap and bung assemblies. The cap is aluminum while the bung, flange and pipe plug are made of steel.

92851300 Rear End Filler Cap & Bung (A)**\$34.00**

92851600 1/2" Flange & Pipe Plug Set (B)**10.00**

Bearing Retainers

An ideal replacement for stock-type units, our bearing retainers offer substantially greater strength and ease of installation/removal. Made from 3/16" steel. They are available for the most popular applications. Please call for details regarding your housing. **\$28.00** pair

Strange Engineering Axles

Strange Engineering Hi-Tuff forged steel axles and spools are the answer for reliability on the drag strip. They are available custom-made in any length, spline and bolt pattern, with a 2-year warranty on 33 or more splined axles. Companion spools available. For street applications, we also offer Strange's popular new "S/S" (31-spline) and "S/T" (35-spline) induction hardened axles.
